

CHILDREN 3-5 YEARS

SPEECH & LANGUAGE DEVELOPMENTAL MILESTONES

Every child develops at their own pace. Milestones are used as a marker with some children demonstrating skills at the end of the age range

Is your child between the ages of 3-5 years and facing speech and language challenges? As a dedicated Speech-Language Pathologist, I am here to help I specialize in nurturing the 4 major Speech & Language Developmental Milestones with personalized strategies and compassionate therapy to empower your child's confidence and communication abilities.
